**Re: Notice of Oral *Ex Parte* Communication,
CC Docket No. 99-200; CC Docket No. 95-116**

Dear Madam Secretary:

In accordance with Section 1.1206 of the Commission's rules, 47 C.F.R. Section 1.1206, we hereby provide you with notice of an oral *ex parte* presentation in connection with the above-captioned proceedings.

On Wednesday, May 5, 2004, undersigned counsel for Yorkville Telephone Cooperative, Inc. and Yorkville Communications, Inc. (collectively "Yorkville") met with the following individuals to discuss the company's pending request for a temporary waiver of the deadline to initiate wireless local number portability services:

David Furth, Associate Bureau Chief/Counsel, Wireless Telecommunications Bureau
Jennifer Salhus, Spectrum and Competition Policy Division,

Wireless Telecommunications Bureau

John Branscome, Legal Advisor to Bureau Chief, Wireless Telecommunications Bureau
Jeffrey Steinberg, Spectrum and Competition Policy Division,

Wireless Telecommunications Bureau

Cheryl Callahan, Assistant Chief, Telecommunications Access Policy Division,
Wireline Competition Bureau

Pam Slipakoff, Telecommunications Access Policy Division,
Wireline Competition Bureau

Also present at the meeting was Sylvia Lesse, counsel for Choice Wireless, LC, TMP Corp. and TMP Jacksonville, LLC, who have requests for waiver pending before the FCC.

Counsel for Yorkville discussed the current status of upgrades to Yorkville's wireless switch, which may be completed by the end of May, to be followed by testing. The nature of Yorkville's delay is technical, given that numbering resources are in place, funding is secure and porting data has been exchanged with requesting carriers. Yorkville's vendor, Tecore Wireless Systems, is active and cooperative in installing custom switch upgrades as soon as possible so that capability may be achieved perhaps as early as mid-June, or as late as mid-August. Yorkville has formally requested an extension of time until August 24, 2004.

Counsel explained that Yorkville is a small carrier who began inquiring with its wireless switch vendor about the necessary upgrades about a year and a half ago. Being the vendor's only TDMA/analog customer has lengthened the time it has taken for Yorkville to obtain the required features and functionality. Counsel expressed Yorkville's intent to achieve compliance as soon as it is technically able to do so.

Sincerely,

/s/
